Monday 1st	Tuesday 2nd	Wednesday 3rd	Thursday 4th	Friday 5th
CLOSED	Open - no delivery service today (orders accepted as normal).	Open - normal order and delivery service resume.		

Midtherm in the Community

Midtherm recently donated a pizza oven to the Sociables Hub & Crew (check out their socials for the amazing work they do! www.sociableshub.org.uk).

"We would like to give a HUGE thanks to our friends and neighbours at Midtherm for their generous contribution of a stainless steel outdoor pizza oven. Practical AND exciting, this dough-nation is certain to be a huge hit with our service users, especially those attending our popular gaming-night sleepovers!

Thank you for seeing the magic in what we do, and choosing to join us in our mission to support people of all abilities to enjoy a life of their choice.

P.s. We simply can't wait, we're firing it up today for our lunch!"

Enjoy your pizza's guys!

We also recently sponsored a staff member, Jack Warby, in a white collar boxing event. Jack raised money for Prostrate Cancer Research by completing 8 weeks of training for the Wolverhampton UWCB event and taking part in the charity boxing match. Jack says 'I wanted to do the event as prostrate cancer is an issue that is close to my heart and will affect many people that I know so I wanted to do my part to raise awareness'.

Well done Jack!

In memory of Ben Corfield, Midtherm designed, manufactured and donated a memorial bench which is now on display at Coronation Gardens.

Ben tragically lost his life in November 2022, aged 19 and was an active member in the community having been chair of Dudley Youth Council and Dudley's youth member of parliament and ran for the position of Dudley's youth police and crime commissioner. Ben also volunteered at the Black Country Wellbeing Centre and was an active Street Watch member.

Midtherm wishes Ben's family and friends well and hope that this bench can be somehere for them to rest and reflect and inspire others in the future.

So far this year we have exhibited at five exhibitions and attended many more. We have enjoyed meeting new and existing customers and after the success of this year we look forward to 2024 ehibitions.

In November we attended the Homebuilding and Renovating Show in Harrogate. Our Pyrus V woodburing stove proved to be a hit and our stainless steel kicthen unit generated a lot of interest, one of which we recently deisgned and made for a penthouse apartment in London overlooking The Shard.

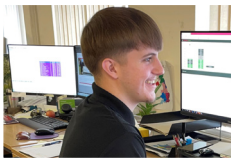
We will be in Verona for the fire show, Progetto Fuoco in February alongside our customer Salamander Stoves. We will have our Pyrus V stove on live display alongside the Salamander Hobbit. And back at the NEC in March for the next Homebuilding and Renovating Show so book your free tickets now and come and visit our stand.

PROGETTO FUOCO

Verona Exhibition Centre - Italy

February 28th - March 02nd 2024

Homebuilding & Renovating Show



A huge congratulations to Kyle Powell in our Customer Service team for achieving a distintion in his customer service appenticeship. Kyle started at Midtherm in October 2022 in the middle of our busiest season to date and he enjoys his role in the team. Kyle is a hard working and much valued member of our business. Well done Kyle!

Fond Farewell

It is with sadness but warm wishes that we announce that this Christmas Mike Trevitt, National Sales Manager will be retiring. Mike has been with Midtherm since it was just getting started and the vast knowledge and expertise that Mike has brought to the business has been invaluable, Mike will be missed by all.

Enjoy your retirement Mike, you have earned it!

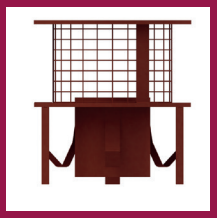
New Products

Heat Shield

Now available the Midtherm Heatshield measures 1200 x 800 and is readily available in matt black finish. Any size and colour can be made on request.

Snap Fit Pot Hanging Cowls

Now available the Pot Hanging cowls have the snap fit fixings incorporated for easy push on, twist off installation. Stainless or terracotta finish available.



Square Adjustable Trim Plates

Now available after the success of our eliptical adjustable trim plates. Please contact the sales office for more info.

midtherm.com

November marked the successful launch of our new Enterprise Resource Planning system in our fabrications department. This system enhances project control and transparency, offering real-time insights for better management of design, production, procurement, and quality. This customer-centric upgrade is just the beginning, with further rollouts planned for 2024.

Midtherm Fabrications

Since 1984, Midtherm Stainless has been delivering bespoke stainless steel and aluminium fabrications.

Our team, with over 100 years of combined experience, excels in meeting and exceeding customer expectations.

Midtherm Fabrication and Re-engineering, established for over 20 years in the West Midlands, specialises in heavy-duty fabrications, crafting industrial frames up to 4m wide. Our services include manufacturing and re-engineering fans, gates, railings, and more.

Meet the team:

Douglas Howie - National Industrial Sales Manager

David Jones - Account Manager

Alan Wheaton - Estimator

Mick Gibbons - Design Engineer

Vishwajit Shinde - Design Engineer

Andy Wood - Fabrications Engineer
